Betr – New Zealand’s virtual doctors

Betr is your doctor’s visit done right, where you are right now!

Doctors from New Zealand’s largest private primary healthcare provider are available nationwide and ready to talk to you by video or phone 8am to 8pm, 7 days a week.

We offer same day appointments and online prescriptions. There’s no app to download, no need to change GP and no registration; just immediate healthcare wherever you are.

Seeing a doctor online might feel new and unusual, but it’s really not that different. As long as it’s not an emergency situation, our doctors can help you with allergies, rashes and skin problems, respiratory problems, coughs, cold and flu, medical certificates and other issues.

How to book an appointment

It’s easy and quick – you can book an appointment for yourself or a family member online at [Betr.co.nz](https://betr.co.nz) in minutes. You’ll receive an email message to confirm your booking.

Attending your appointment

All you’ll need is a smartphone, tablet or laptop with a camera and a good internet connection. When it’s time for your appointment, follow the link in the email or text message we send you. Tap the link and then wait for the doctor to join.

Pricing

Betr is very affordable – appointments cost \$10 for Local Doctors and White Cross registered patients and \$49 for non-registered patients. Children under 14 are free.

We’re here in person, too

If you need to visit a clinic for follow-up care, you can choose from one of our many general practice clinics in Auckland, Whangarei and Christchurch. Find a clinic near you at localdoctors.co.nz.

Betr is getting great reviews!

“Absolutely loved it!!! The doctor was awesome! I loved that he was able to organise a prescription and also my WINZ form etc. Also receiving the text about choosing a pharmacy to pick up my prescription is just great. All from the comfort of my home and warm slippers.”

Suafei, August 2020
